

GOALS & OBJECTIVES

for Alternative Analysis Evaluation Criteria

Place a sticker in the open space below the statement to indicate a goal that is important to you.

| | |
|---|--|
| 1 | Create a complete transit system within the region that connects to transit options serving outside of the region. |
| 2 | Develop and improve infrastructure to serve transit system (park and ride, bus stops, stations). |
| 3 | Provide attractive transit amenities to improve transit use. |
| 4 | Increase transit ridership especially during commute times. |
| 5 | Integrate South Davis system with SLC current and proposed transit systems. |
| 6 | Improve east-west connectivity. |
| 7 | Improve access alternatives to economic centers. |

| | |
|----|---|
| 8 | Integrate transit investments and land use plans . |
| 9 | Use potentially dividing corridors to an advantage - minimize barriers. |
| 10 | Maintain and enhance safety. |
| 11 | Enhance quality of life through transportation options. |
| 12 | Improve non-motorized access. |
| 13 | Eliminate backtracking by improving access to north south transportation corridors. |
| 14 | Improve access to public locations. |
| 15 | Reduce auto congestion. |
